

Cracking and collapsing north of Cooke City

Date

Tue, 01/09/2024 - 05:25

Activity

Skiing

Yesterday (1/9) touring north of Cooke City I felt some large collapses and cracking on a heavily wind loaded, mid elevation slope. There was about 4-6 inches of new snow that fell throughout the day.

Region

Cooke City

Location (from list)

Zimmer Creek

Observer Name

Jake Mundt
